PROFESSIONAL SUMMARY

Highly motivated BSc (Hons) Computer Systems Engineering graduate with comprehensive expertise in IT support, intelligent systems, full-stack development, and cybersecurity. Holding CCNA and CISM certifications, I possess a strong foundation in critical thinking, technical troubleshooting, database management, and secure software architecture. Specialised in scalable Progressive Web Applications (PWAs), AI-powered solutions, and robust network security — having delivered over 13 professional projects from design to secure deployment. Currently based in Molepolole, Botswana, I am committed to building seamless user experiences and long-term client relationships. Seeking a software engineering position to deliver high-impact solutions within a global organisation.

CORE TECHNICAL SKILLS

- **Programming Languages:** Python, Java, C++, JavaScript, PHP, Ruby, Swift, Kotlin
- **Web Development:** HTML5, CSS3, React, Node.js, REST APIs, Progressive Web Apps (PWA)
- **Databases:** SQL, NoSQL, MySQL, PostgreSQL, Oracle, SQL Server, Database Design, Backup & Recovery
- **DevOps & Tools:** Git, GitHub, Docker, AWS Basics
- **Cybersecurity:** CISM, Vulnerability Assessment, Penetration Testing, Ethical Hacking, Network Security
- **Networking & IT Support:** CCNA v7, Hardware/Software Troubleshooting, Windows/macOS/Linux, Remote Support
- **UI/UX Design:** Figma, Sketch, Adobe XD, Responsive Design
- **Soft Skills:** Agile Methodology, Team Collaboration, Critical Thinking, Problem-Solving

PROFESSIONAL EXPERIENCE

Senior Software Engineer

Nov 2025 – Present

SolidCare Services – Phase 4, Gaborone, Botswana

- Delivering full-cycle software solutions as lead developer while managing technical operations and IT support infrastructure

- Designed, developed and deployed secure, scalable Progressive Web Applications (PWAs) for business and government clients
- Ensured high availability, data protection, and optimal performance across production systems

Full Stack Developer

Aug 2025 – Nov 2025

Team Introspect – Kgale Mews, Gaborone, Botswana (Orange Summer Challenge 2025)

- Developed and deployed an AI-powered microscope system for real-time malaria detection in blood samples
- Built complete full-stack solution using modern web technologies and machine learning algorithms
- Secured **3rd place** nationally in the pan-African Orange Summer Challenge 2025

IT Support Intern / Attachment

Feb 2024 – Jun 2024

Ministry of Youth, Gender, Sports and Culture – Gaborone, Botswana

- Diagnosed and resolved complex hardware, software, and network issues across multiple government departments
- Configured secure networks and implemented data protection measures to strengthen IT security posture
- Provided end-user training on system tools, cybersecurity best practices, and technical procedures
- Maintained IT assets inventory, performed updates/patches, and ensured optimal system performance

PROJECT HIGHLIGHTS

Namibia Online Business Directory – SolidCare Services

Feb 2026

Developed a Progressive Web Application (PWA) serving as a comprehensive online business and government directory for Namibia.

Jobtradesasa – SolidCare Services

Nov 2025 – Feb 2026

Built a complete Progressive Web Application (PWA) connecting artisans with clients and enabling work opportunities for local businesses.

AI-Powered Microscope for Malaria Detection – Orange Digital Center / Team Introspect

Aug 2025 – Nov 2025

Designed and implemented a full-stack AI system for detecting malaria parasites in blood samples; secured **3rd place** in the Orange Summer Challenge 2025.

EDUCATION

Bachelor of Science (Hons) in Computer Systems & Software Engineering

Sep 2021 – May 2025

Botswana Accountancy College (affiliated with University of Sunderland), Botswana

Diploma in Computer Engineering Qualification – Minor in Computer Science

2025

Gaborone, Botswana

Botswana General Certificate of Secondary Education (BGCSE)

Mar 2019 – Nov 2020

Kgari Sechele Senior School, Molepolole

CERTIFICATIONS

- CCNA v7: Enterprise Networking, Security & Automation – Cisco, 2023
- Orange Summer Challenge 2025 – Certificate of Participation, 2025
- Python Programming – Orange Digital Center, 2023

LANGUAGES

English – Fluent
Setswana – Fluent
